COMMUNITY CHORDS: HEALING HARMONIES

The Community Chords Healing Harmonies initiative is designed to provide various therapies, health benefits, and education to our community through the power of music and the arts. In a groundbreaking collaboration with Baptist Anderson Health System & Mississippi State University, MSA offers an on-site music therapy program for oncology & neurology patients, as well as therapy sessions & family workshops for loved ones and caregivers of these patients. Additionally, this program serves as a training ground for the next generation of educators, counselors, and therapists as an official internship site for Mississippi State University's Department of Education and serves as an approved practicum program for the university's Department of Counseling.

BECOME A COMMUNITY CHAMPION!

+\$10,000 - ELITE CHAMPION

Add \$10,000 or more to your current/previous pledge to support MSA's Healing Harmonies Program. Elite Champions provide funding for staff, guest artists, musicians, and large-group technology.

+\$5,000 - ULTRA CHAMPION

Add \$5,000 or more to your current/previous pledge to support MSA's new Healing Harmonies Program. Ultra Champions provide funding for instruments, curriculum, internships, and transportation services.

+\$2,500 - SUPER CHAMPION

Add \$2,500 or more to your current/previous pledge to support MSA's new Healing Harmonies Program. Super Champions provide funding for training, supplies, marketing materials, and admin functions.
